

VARDAE

France | DJ Set

French DJ and producer from Lyon

Vardae is a project with the ambition of breaking away from the genre barrier, to explore new sound territories around the love of psychedelic music. A powerful sound which navigates from dub to tribe, passing through techno and drum'n'bass. A universe where immersion and experience prevail over codes with the idea of offering a journey to each of its appearances.

Support and plays : Claudio PRC, Inland, Polygonia, Amotik, Lewis Fautzi, Patrick Siech, Border One, Justine Perry, Svarog, Gigi FM, Ultra Low Velocity, Mod21, Hydrangea....
